Re: Reporting Requirement Docket No. AAA-95-0017

Dear Mr. Begley:

On March 31, 1995, EPA issued to you a Reporting Requirement pursuant to Section 114 of the Clean Air Act, 42 U.S.C. Section 7414, to obtain information regarding potential violations of the National Emission Standards for Hazardous Air Pollutants for asbestos (Asbestos NESHAP), 40 C.F.R. part 61, Subpart M.

On April 4, 1995, you telephoned a representative of EPA to request a notification form. During that conversation you were informed that EPA had not yet received a response to the Reporting Requirement. To date, EPA has not received any written response as required.

Your failure to respond fully and accurately to the Reporting Requirement is a serious violation of the Clean Air Act. As stated in the original Reporting Requirement, non-compliance may result in future enforcement action against you by EPA. In order for you to come into compliance, you should immediately provide full and accurate information as required by the original Reporting Requirement.

I have enclosed a copy of the Reporting Requirement for your convenience. If you have any questions regarding this matter, please contact Lee Weller at (617) 565-9055 (Note that Mr. Weller is not an EPA employee, but is an Environmental Assistant providing support through an American Association of Retired Persons grant with EPA), or have your attorney contact Hugh Martinez, Assistant Regional Counsel, at (617) 565-4526.

Sincerely,

Susan Studlien

Subject: Notice of Regulatory Non-Compliance

Dear Mr. Begley,

This is to advise you of a determination of non-compliance by the Department of Public Health associated with the abatement of asbestos-containing material by C&D Enterprises. This abatement involved the removal of asbestos-containing material at 824-826 Kossuth Street, Bridgeport, CT.

It is the determination of the Department of Public Health that C&D Enterprises performed asbestos abatement in non-compliance with the following provision of the Regulations of Connecticut State Agencies:

Subsection 19a-332a-3(a) Failure to notify the Department within one working day after the start of an emergency asbestos abatement.

Documentation of this non-compliant condition will be maintained on file with the Department of Public Health. Please be advised that this matter will be referred to the Department of Public Health, Legal Office for consideration of further enforcement action.

Sincerely,

A handwritten signature in cursive script, reading "Ronald Skomro".

Re: Asbestos Abatement at 777 South Main Street, Waterbury, CT

Dear Mr. Begley:

This letter is being sent to you by the Department of Public Health, Indoor Air Program as a request for records related to the above referenced asbestos abatement project. This request is being made based upon receipt of the notification for the reference facility. This request is pursuant to Section 19a-332a-4, entitled "Recordkeeping", of the Standards for Asbestos Abatement regulations. Specific records requested are as follows:

1. A written summary of the procedures used to comply with Section 19a-332a-3 through Section 19a-332a-12 of the Standards for Asbestos Abatement.
2. The starting and completion dates of the project.
3. The name and address of the authorized asbestos disposal facility and verification from the authorized asbestos disposal facility indicating the amount of asbestos received for disposal.
4. The methodology and results of all air sampling conducted during the asbestos abatement process.
5. A complete list of the names and social security numbers of asbestos abatement workers, asbestos abatement site supervisors and other agents involved in the asbestos abatement activity and working for the asbestos contractor on that project and individuals entering the work area. In addition, send the complete training history, medical approval letters, and fit tests of all persons involved with the project.
6. A log of control of access to the work area.
7. All records for compliance with the requirements of OSHA, DEP, and the US EPA regulations.

Phone: (860) 509-7367
Telephone Device for the Deaf (860) 509-7191

8. Documentation to demonstrate compliance with the post abatement reoccupancy criteria established by Section 19a-332a-12 of the Regulations of Connecticut State Agencies.
9. A copy of the Order to Demolish issued by the Waterbury Building Official.

The above records should be forwarded to this office within five (5) days of receipt of this letter. If you cannot comply with this timeframe, please contact my office as soon as possible to make other arrangements.

Please contact this office if you have any questions or comments.

Sincerely,
